### **NOTICE**

It is hereby notified to all the parents and/or guardians of every students of our institution that a Special Leave Petition was filed by an applicant on behalf of few group of parents before the Hon'ble Supreme Court, in which the Hon'ble Supreme Court on 06.12.2021 has refused to interfere and/or grant any order of stay against the Hon'ble High Court, Calcutta's order of 01<sup>st</sup> October, 2021 and also the Special Leave Petition has been disposed of.

Hence the parents, who have still not paid the school fees of their child, now must comply with the Order of Hon'ble High Court, Calcutta, passed on 01<sup>st</sup> October, 2021 in connection with Case no. 5890 of 2020, where the Hon'ble Court has already stated that:

- The students shall have to pay the entire claim made by the school authorities, without prejudice to their rights and contentions in the manner indicated herein.
- The undisputed/admitted part of the school fees and the disputed part of the school fees may be segregated by each student and paid separately, indicating in a written note accompanying such payment the amount which is disputed and which is admitted.

It is quite unfortunate to observe that there are still few parents left who have not even yet cleared the school fees of previous quarter inspite of knowing the order passed by Hon'ble High Court, Calcutta on 01<sup>st</sup> October, 2021. So we are advising the parents of those students, who have still not cleared the school fees, to clear the due amount in the manner as mentioned above within 24<sup>th</sup> December, 2021.
