

It is observed from our bank records, fee books etc. that approx. ninety two percent (92%) guardians of the students have deposited the tuition fees and allied amounts for the academic session from 2020-21. However a few of them are yet to deposit the fees amount for Session April 2020 to March, 2021 despite several reminders. Please note that the Hon'ble High Court had given us liberty to debar the students from online classes after 8<sup>th</sup> December, 2020 for non-payment of school fees, but we have not done the same till date. The guardians of those students are hereby informed to clear the pending dues to the School within 30 days from the date of this notice, otherwise the school will have to take steps against those students accordingly following the Hon'ble Court's order.
